

Serene Innovations HD-40P

Categories: Cognitive, Low vision, Motion

Manufacturer: Serene Innovations

The HD-40P features easy to use photo memory buttons and Serene's proprietary HDS (High Definition Sound) Technology for un-matched voice clarity, making every word vividly clear and easy to understand virtually without any distortion, echo or squealing sounds. The phone has a high performance speaker-phone, large buttons and is line powered which means you will not lose your telephone if you lose power. It also has photo memory dialing.
